## **What is CENTRIFUGE?**

**Centrifuge** is a discipleship camp providing an environment for life-change. Because we believe ministry takes place best in the context of relationships, the Centrifuge model is founded upon small-group Bible study led by quality staffers. These staffers also provide team-building recreation, special-interest track times, and powerful worship. Through these elements, staffers invest in the lives of campers. As a student minister, you will be able to participate in camp without the pressure of planning and leading. Your church group will meet together in the evening to share and debrief the day and grow together as a student ministry.
